**DATE:** 9/20/2000  
**TO:** PAUL PERONARD, US EPA REGION 8  
**FROM:** PAUL G. KUDARAUSKAS  
**RE:** WINTER/SPRING SCHEDULE

---

Paul

The evening temperatures are beginning to fall below freezing. For this, the need to winterize the equipment is required. In addition, according to the locals, frozen ground and snow is not too far away.

We need to set up a time to discuss the activities for the months of November through May so we can better project our activities and thus funding. Activities such as when the work will cease and the different options we have to winterize the site itself.

Please contact me and let me know when we can get together via phone or in Libby.

Thank you,

*Kudas*
